PROFILE SUMMARY

Computer Engineering student with a strong interest in UI/UX design. Skilled in Figma, HTML, CSS, and JavaScript, with a user-centered approach to creating clean, intuitive, and visually engaging interfaces. I enjoy turning ideas into wireframes, prototypes, and responsive designs that improve the user experience.

EDUCATION

NEPAL COLLEGE OF INFORMATION TECHNOLOGY

- Bachelor in computer engineering

ST. XAVIER COLLEGE, JWALAKHEL

- (+2)Science stream

SKILLS

- **Frontend**: HTML, CSS, JavaScript

PROJECTS

AMAZON CLONE UI

https://github.com/aishwaryagajmer/Amazon-UI

- Developed a responsive Amazon-inspired e-commerce website interface using HTML and CSS.
- Designed product cards, navigation bar, search bar, and homepage layout to replicate Amazon's UI.
- Implemented Flexbox, CSS styling, and hover effects to improve layout and user experience.
- Practiced responsive web design and frontend development techniques to create a clean, user-friendly interface.

PATIENT FOOD

Prototype

- Designed a Patient Food mobile application using Figma, focused on healthy food delivery for patients.
- Created user flows, wireframes, and high-fidelity UI screens with reusable components and Auto Layout.
- Developed an interactive prototype with smooth transitions and intuitive navigation to enhance user experience.

WORK EXPERIENCE

Mavorion System Pvt. Ltd (Frontend Intern)

- Worked on beginner-level web development tasks and technical projects
- Learned professional development workflows and teamwork practices
- Strengthened communication, problem-solving, and technical skills
